
CERTIFICATIONS**Certified Associate in Project Management (CAPM)**

May 2026

Project Management Institute (PMI)

EDUCATION**New York University, NY**

Sep 2026 – Jan 2028 [Expected]

Master of Science in Project Management

University of California, Riverside, CA

Sep 2022 – Jun 2026

Bachelor of Arts in Psychology

WORK EXPERIENCE**Digital Project Coordinator – WebServes**

Remote

Aug 2026 – Present

- Coordinate requirements and execution planning across 2 concurrent digital projects, translating stakeholder feedback into prioritized action items, assigned ownership, and measurable success criteria.
- Manage project tracking across 12 stakeholders using Monday.com and a centralized implementation tracker documenting task status, ownership, dependencies, target dates, and acceptance criteria.
- Identified a communication and schedule risk when volunteers did not engage with the implementation tracker; gathered stakeholder feedback and created a screen-recorded walkthrough demonstrating task filtering, ownership views, and status updates to reduce missed updates and potential project delays.

Behavior Technician (Part-Time) – Behavior Frontiers

Moreno Valley, CA

Oct 2025 – Feb 2026

- Coordinated scheduling and service updates across 4 clients, their families, and supervisors, communicating changes and escalating issues to minimize service disruptions.

PROJECT EXPERIENCE**NYU Mobile Identity Rollout | Team Project**

Sep 2026 – Present

- Took ownership of defining the business value, project goals, scope boundaries, assumptions, and deliverables for a Summer 2027 mobile credential pilot spanning 4 core campus services.
- Mapped 14 technical and cross-functional dependencies and developed mitigation strategies for 10 risks across 6 categories, contributing to an implementation-ready plan intended for handoff to NYU IT for future execution.

Second-Hand Marketplace Rollout | NYU Project Team

Sep 2026 – Present

- Took full ownership of aligning project goals, scope, deliverables, and high-level requirements, reconciling inconsistent team inputs to establish a coherent delivery baseline for a 12-week marketplace MVP.
- Translated 9 project deliverables into a WBS comprising 27 work packages and sequenced the work into a 12-week timeline covering development, integration, deployment, and usability testing.

LEADERSHIP**Student Ambassador – NYU SPS Project Management Student Network (PMSN)**

Sep 2026 – Present

- Selected through a competitive application and interview process to serve as a liaison between project management students and the PMSN Executive Board, the organization's core student leadership team; communicate student feedback and support event coordination, campus representation, and student engagement.

SKILLS

- **Tools:** Monday.com, Jira, Asana, Notion, Google Workspace; AI-assisted workflows using ChatGPT, Codex, and NotebookLM
- **Languages:** Mandarin Chinese (fluent)
